

M5 J1-2 Oldbury Viaduct Scheme

e-bulletin – 23 February 2018

This bulletin details next weeks' road closures for the M5 Oldbury Viaduct Major Renewal Scheme between junctions 1- 2 on the M5 southbound carriageway.

Find us on Facebook, search for 'Oldbury Viaduct'

Our professional photographer was on site this week taking progress shots, the best of these will be posted on our Facebook page. This one shows two carpenters from our contractors BMV preparing shuttering to one of the 4800 concrete repairs required underneath the M5. They are working inside an encapsulated scaffold around 10m off the ground, with less than a metre working room.

Scheme timelines

We are currently on target to complete the major repair works and see the removal of the contraflow system by autumn 2018. Central barrier works will continue into spring 2019.

Road closures

The following closures are required to carry out viaduct deck repairs. Safe access to residents and businesses will be maintained, however certain footpaths will be closed.
